Compared to 30 September 2003 and due to the liquidation resolution, the fully consolidated area has changed with the exclusion of Syrm S.r.l. and 4 Emme Informatica S.r.l. respectively. The former had completed its role in the mission of the company and the latter concentrating its efforts on its own activity which deals with customer group and transferring all its employees to other companies in the group.

Syrm's liquidation ended on 28<sup>th</sup> April 2004, with the approval of the final balance sheet, while 4Emme Informatica S.r.l. ended with the approval of the final balance sheet on 28<sup>th</sup> June 2004.

Following agreements reached at the beginning of 2004, Datafox S.r.l. has, for the first time, fully entered into the consolidated area (the controlling percentage was already 35%) with a new controlling percentage of 51.0%.

In August 2004, due to S.G.M.'s partial renunciation to exercise the right to capital option to increase its capital, CAD IT investment increased from 52% to 61.60%. The share capital transaction required CAD IT to pay € 138 thousand for the increase in the capital and for the covering loss.

On 3<sup>rd</sup> September 2004, executing the previous agreements, CAD IT bought 49% of Bit Groove S.r.l. share capital for € 60 thousand. Now Bit Groove S.r.l. capital is entirely owned by CAD IT.

All these consolidation area variations have had little effect on the profit/loss account and balance sheet as the two companies excluded and the new controlling percentage of Datafox are significant enough.

#### 4.1 Companies valued using the equity method

The following indirect subsidiaries, which are valued using the equity method, are excluded from the full consolidation area:

<i>Indirect subsidiaries valued using the equity method</i>	<i>Registered office</i>	<i>Percentage of investment</i>	<i>Percentage of interest of the Group</i>
Tecsit S.r.l.	Roma	70.00%	38.50%
Arch it S.r.l.	Roma	70.00%	38.50%
Nestegg S.r.l.	Milano	55.00%	33.88%

- Tecsit S.r.l., controlled by DQS S.r.l., as it operates in a sector different from that of the Group;
- Arch It S.r.l., controlled by DQS S.r.l. and immaterial;
- Nestegg S.r.l., controlled by SGM S.r.l., immaterial and in liquidation;

Total assets and revenues of the non-consolidated indirect subsidiaries represent 1.03% and 1.36% of the Group's assets and revenues, respectively.

#### 4.2 Other investments

The following investments are valued at cost or equity value, possibly reduced in case of permanent impairment in value.

<i>Directly associated companies</i>	<i>Registered office</i>	<i>Percentage of investment</i>	<i>Percentage of interest of the Group</i>
Sicom S.r.l.	Viadana (MN)	25.000	25.000

#### *Indirectly associated companies*

Compared to the third quarter of 2003, the following indirectly associated companies Isis S.p.a and Teclab S.r.l have not been included.

Isis S.p.a was sold by Cad S.r.l in the fourth quarter of 2003, realizing a capital gain of € 180 thousand. Teclab S.r.l was sold by Tecsit S.r.l (controlled by DQS S.r.l), on 20.04.2004, on the basis of agreements reached in the first quarter 2004, realizing a capital gain of €42 thousand.

In addition to the controlling of Datafox S.r.l., they also add a new indirectly controlled company, called Bookingvision S.r.l., of which Datafox held 21.783 percent of its investment on 30.09.04.

### 5 Accounting policies

The accounting policies adopted to present the consolidated quarterly schedules and figures are consistent with those adopted in the preparation of the consolidated financial statements.

In the current year, the company has adopted a cost capitalization method to create intangible fixed assets constituted by software procedures. Such costs were previously expended during the year in which they were incurred. Since 2004 they have been capitalized among the intangible fixed assets

and they will be amortized in accordance with the economic life forecast. The new method will give a more appropriate view of the company's events, and the economic and financial statement. In consideration of the present situation of market decrease, the company has made the strategic choice to concentrate on the internal resources to be invested into for the new production of application software which could then be licenced out. Positive cash flow means that planned financial investments and the interest shown by potential users gives reasonable revenue provisions so that investment costs can be retrieved.

The captions are valued in line with the general principles of prudence and accruals on a going concern basis.

No exceptional cases were identified such as to require waivers to the regulations for financial statements set out in paragraph 4 of article 2423 of the Italian Civil Code.

Estimates, which have been used where necessary to correctly reflect the Group's financial position and results for the period, are immaterial.

As CAD IT S.p.A. is obliged to prepare consolidated financial statements, this quarterly report has been drawn up on a consolidated basis.

### **5.1 Recognition of revenues and costs**

Revenues and income are prudently accounted for according to the concepts of prudence and accruals basis. Unrealised profits, even becoming known at a subsequent date, are excluded also taking into consideration the risks and losses accrued in the period.

Costs are recognised on a similar basis to revenues.

### **5.2 Comparison with previous periods**

The trend of investments is shown in the following table:

### Summary of investments – Second quarter 2004

## 9 Personnel

The Group's workforce increased by 16 units at the third quarter 2004 compared to the previous year end in line with its strategic human resources management plan, which even though privileging flexibility of structure, considers human resources as a guarantee for continued future development.

Personnel training is of particular importance to the Group, which specifically schedules refresher and training periods.

Information on the Group's employees at the end of each quarter in 2003 and 2004 is reported below:

<i>Category of Employees</i>	<i>at</i> <i>30/09/2004</i>	<i>at</i> <i>30/06/2004</i>	<i>at</i> <i>31/03/2004</i>	<i>at</i> <i>31/12/2003</i>	<i>at</i> <i>30/09/2003</i>

## 10 Significant events at 30 September 2004 and expected future developments

In April CAD IT S.p.A., announces that, through Elidata, one of its own controlled companies, it has signed a contract with Finanza Attiva S.p.A. of the BPU Group (Banche Popolari Unite) for the supply of software and all the necessary services for integrating the package into the client's information technology system.

The project consists of the supply and start-up of the "Caronte" software product for the interfacing of telematic markets with back-office feeding.

The agreement with Finanza Attiva S.p.A. is of important strategic value as it will allow Elidata to increase its market share within the sector of important Italian banking and finance groups. In fact, Elidata will be adding yet another client to those it already serves, the Banca di Roma, Abax Bank, Banca Advantage, SEC Servizi, Banca Popolare di Sondrio to name but a few.

At the 29<sup>th</sup> April 2004, on the basis of the financial results of 2003, which confirm the Veronese Group's ability to generate positive income margins, the shareholder's meeting has approved the distribution of a €0.30 ordinary dividend per share and the allocation of €0.5 million into reserves. Following this transaction, the available reserves for future distribution, will exceed € 9.0 million.

Net financial position revealed €10.6 million at the 30<sup>th</sup> September 2004 after the dividend payment of 2.7 millions euros.

Subsequent to 30<sup>th</sup> September there have been no events of particular importance to significantly influence the shareholders' equities or economic results of the group.

On behalf of the Board of Directors  
The Chairman
