

CAD IT INTRODUCES ITSELF TO THE SPANISH MARKET

On 10th May 2018, CAD IT, leader in the Italian financial software market, organized an event in Madrid at the "Palacio Neptuno" to introduce itself to all the customers of its two subsidiary companies, "Software Financiero Bolsa" (SFB) and "Desarrollo de Productos Informaticos" (DPI).

The event, which met with huge success, was attended by over 300 guests.

The slogan of the evening, "Juntos somos +", aimed at summarizing the concept of strengthening SFB and DPI, both already leaders in their respective sectors (brokers and investment and pension funds), by implementing decades of experience in managing complex projects, specialized resources and the considerable investment capacity in research and development that CAD IT will place at disposal in order to tackle the international market together.

During the meeting, the CAD IT management explained and illustrated the aims and strategies for the future to the two subsidiary companies' customers. Moreover, to mark the occasion, the new logo that CAD IT will use on the Spanish market was unveiled.

This event signals the start of a new phase of CAD IT expansion onto international markets.
